## TO ASSURE A SUCCESSFUL PARTY

- All attending children must have a medical release/liability waiver signed by a parent or guardian before they can participate in a party.
- ▶ Current Metro students have a waiver on file.
- Parents are responsible for bringing their own camera, utensils, drinks, cake, and birthday supplies.
- ▶ Parties are specifically geared toward the age of the birthday child and his/her guests, therefore, parents and other adults are asked to refrain from playing on the equipment.

### Each Metro Party is Unique!

The instruction and activities of your child's party may be different than the instruction and activities of other parties your child may have attended at Metro.

Regardless of the differences, we're confident that the children will have an exciting and wonderful time.

- ▶ A few days before your party, you will be sent an email reminder of your party date, the time, what to bring to your party, and what we will provide.

- You will also receive a phone call confirming the date, the number of children attending, who your instructor will be and to answer any questions you may have concerning the party.
